Balance Subject to Late Fees

If Company's fails to make payment in full by the applicable Due Date, or a payment is returned (each a "Payment Default"), then a fee (the "Late Fee") will apply to the Total Outstanding Balance (as defined below). The late fee will be calculated by multiplying the applicable late fee rate by the Total Outstanding Balance on the Calculation Date, not to exceed the amount allowable by applicable law. For Billing Cycles other than monthly, the percentage rate used in the Late Fee calculation will be prorated based on the length of the billing cycle in relation to a monthly billing cycle. Company will be considered to have made a payment to Issuer on an Account only when the payment is posted to the Account as provided in this Agreement. 7.2 The "Calculation Date" is the earlier of (a) the posting date for Company's payment in full of the invoiced amount to its Account, or (b) the last day of the Billing Cycle during which the Payment Default occurred. The "Total Outstanding Balance" is the invoiced amount, plus the amount of any unbilled Transactions delivered by a merchant to Issuer, and minus any credits that have posted to the Account, through the Calculation Date.
