## IMPORTANT MESSAGES

Please note: Southwest Gas has changed some meter reading routes. As a result, you may notice a change in the date we read your meter or the day you receive your bill. Please call 877-860-6020 if you have any questions.

## SIGN UP FOR APP

Make life simpler with an Automatic Payment Plan (APP). Use your checking or savings account to pay automatically each month on your payment due date.

Learn more and enroll at [swgas.com/app](http://swgas.com/app).

## SUSPECT A NATURAL GAS LEAK?

Don't turn engines or equipment on or off. **Leave the area immediately** and from a safe place call **911** & Southwest Gas at **877-860-6020**.

Learn what to do — and what not to do — if you suspect a leak at [swgas.com/safety](http://swgas.com/safety).

**NOTICE TO SOUTHWEST GAS CORPORATION (SWG) ARIZONA CUSTOMERS**

**CUSTOMER QUESTIONS OR ASSISTANCE NEEDED?** Visit [www.swgas.com](http://www.swgas.com) and create a MyAccount to view, manage, and customize your gas account online, or call our local toll-free number (llamada gratis) at 1-877-860-6020 for billing questions.

**Basic Service Charge** - This monthly charge recovers a portion of the cost for delivering natural gas.

**Bill Detail** - Customers may request a detailed version of their gas bill by accessing MyAccount or calling 1-877-860-6020.

**Billing Factor** - The billing factor is used to convert the metered volume of gas into units of heat energy which are called therms. SWG bills customers on a per therm basis for the amount of energy contained in the gas delivered. The current reading minus the previous reading, times the billing factor, equals the number of therms you have used in the current billing period.

**Customer Buried Gas Piping** - Customers may have underground gas piping that is not maintained by SWG. (Reference Federal Regulation 49 CFR Part 192.16) This piping, which is typically located between the gas meter and a building or outdoor gas appliance, may consist of buried steel gas lines. Steel gas lines are subject to the effects of corrosion if they are not maintained, which could result in leakage. Regardless if the pipe is steel or plastic, it is important that underground natural gas piping is periodically monitored to identify potential problems that might cause a hazardous condition. Federal regulations encourage customers to employ qualified plumbing and heating contractors for all inspections, monitoring, and repairing of customer buried gas piping. Unsafe conditions discovered must be repaired immediately. For assistance in locating licensed plumbers or contractors, or reviewing relocation, replacement, or maintenance options, call Energy Services at 1-800-654-2765. Remember, call before you dig to locate gas piping in advance, and excavate by hand.

**Delivery Charge Adjustment Provision** - The Delivery Charge Adjustment Provision (DCA) limits the amount SWG recovers in delivery charges to the amount authorized. Any differences between the amount authorized and the amount received are adjusted annually. The DCA is applicable to residential and Small, Medium, L1 and L2 rate schedules.

**Deposits** - If you are an existing customer, your deposit will be credited to your account, with any applicable interest, after continuous service and timely payment of bills in accordance with SWG commission approved rules. If your service has been discontinued, either at your request or by SWG, your deposit, plus any applicable interest, will be refunded to you, less the amount of any unpaid bills.

**Disconnection of Service at Customer Request** - Please call SWG at least five (5) working days in advance of the date you wish to have service disconnected. If SWG is not notified, service will continue to be billed to the customer of record.

**DOT Safety Surcharge** - This charge recovers the cost of government mandated pipeline safety programs.

**Electronic Check Conversion** - When a check is provided as payment, SWG is authorized to either use information from the check to make a one-time electronic funds transfer from the account or to process the payment as a check transaction.

**Emergency Service** - If you have an emergency, a safety related issue or are experiencing a possible gas leak immediately call 877-860-6020 and select Option 9 or call 9-1-1.

**Low Income Ratepayer Assistance (LIRA)** - Provides a 30 percent discount to income-qualified customers year-round.

**Notice to Employers** - Request a Safety Data Sheet (SDS) for odorized natural gas by calling Energy Services at 1-800-654-2765 or visiting [www.swgas.com/safety](http://www.swgas.com/safety). Please ensure your employees know how to obtain SDS information.

**Past Due Date/Late Pay Charge** - The monthly bill is due and payable upon presentation and becomes past due if not paid by the "Past Due After" date on the bill. A late pay charge may be added to any past due amount.

**Rates and Other Information** - The Rules and Rate Schedules of SWG are available at your nearest SWG Customer Business Office or by going online at [www.swgas.com](http://www.swgas.com). The address and telephone number of the office that serves you are printed on the front of this bill (top).

**Regulatory Expense Surcharge** - This charge recovers costs incurred from the rate case regulatory process.

**Right of Access and Bill Estimation** - SWG will have the right of access to your premises for any purpose normally connected with the furnishing of natural gas service(s). If SWG is unable to read a meter on the scheduled date because of circumstances beyond its control, SWG will calculate the bill based upon estimated usage for that billing period.

**Service Establishment Charge** - For each establishment of service there is a charge which appears on the first bill following the establishment of service. This charge partially covers the costs incurred to set up the service and create the account in the SWG billing system. Whenever gas service is turned off because of nonpayment, the delinquent bill, plus a reestablishment charge, must be paid and credit reestablished before service will be restored.

**Special Service** - Special Services - Every effort will be made to ensure uninterrupted service to residential customers who notify SWG about permanent residents in their household who are seriously ill, disabled, or elderly. Also, in an effort to avoid service being turned off; any residential customer may elect to designate a third party (agency or individual) to receive a copy of all Disconnect Notices.

**Usage Charge** - Usage charges recover the cost of delivering natural gas, which is not recovered in the Basic Service Charge, and the cost of natural gas purchased by SWG on behalf of our customers.

y23, m02, v1

Should you believe you have been billed incorrectly, please contact SWG at our toll-free number (llamada gratis) 1-877-860-6020. If you thereafter wish to dispute this bill, you should pay the undisputed portion of the bill and notify SWG that the amount unpaid is in dispute. Service will be continued pending investigation by SWG. Upon notification by SWG of its investigation results, you may pay the amount due within five (5) working days to prevent discontinuance of service. If the dispute is not resolved, you should submit a written statement of the facts of the dispute to the Arizona Corporation Commission at 1200 West Washington Street, Phoenix, Arizona 85007 (602) 542-4251 or toll-free 1-800-222-7000.

**Payments** - To pay 24 hours a day, 7 days a week using a debit or credit card or electronic check, go to [myaccount.swgas.com](http://myaccount.swgas.com) to log into your personal MyAccount or make a payment with no log-in required. To use our automated phone system, call us toll free at 877-860-6020, and select option 2. See below for additional payment options.

**Important Information - Past Due**

Your account currently reflects one or multiple late payments. Per Southwest Gas Tariff, ensuring your payment is received by the due date will help you avoid late payment charges and the need for a security/additional deposit on your account. An additional late payment on the account will result in a late payment charge and may require an additional deposit or new deposit, whichever is applicable. If you have questions about your account or need information on potential payment assistance, please call and speak to a representative at 877-860-6020 Mon – Fri from 7 a.m. – 6 p.m. PST.

**SUMMER SAFETY STARTS AT HOME**

As temperatures rise and outdoor fun begins, Southwest Gas reminds you to stay safe while enjoying the season.

- Inspect gas grills and firepits for leaks or damage before use.
- Use outdoor appliances only outside.
- Keep fireworks away from gas meters.

If you smell gas, **leave the area** and call **911** and Southwest Gas at **877-860-6020**.

Find more safety tips at [swgas.com/safety](http://swgas.com/safety).

**LA SEGURIDAD EN VERANO EMPIEZA EN TU CASA**

Con el aumento de las temperaturas y el inicio de la diversión al aire libre, Southwest Gas le recuerda que debe mantenerse seguro mientras disfruta de la temporada.

- Inspeccione las parrillas y fogatas de gas para detectar fugas o daños antes de usarlas.
- Use los electrodomésticos de exterior solo en exteriores.
- Mantenga los fuegos artificiales alejados de los medidores de gas.

Si percibe olor a gas, **abandone el área** y llame al **911** y a Southwest Gas al **877-860-6020**.

# Natural Gas Safety Information

**SOUTHWEST GAS**

swgas.com/safety

*You can do your part to help keep yourself and your loved ones safe by knowing how to recognize and respond to a natural gas leak.*

## A leak may be present if you:

### SMELL

A distinct sulfur-like odor similar to rotten eggs, even if it's faint or momentary.

### HEAR

A hissing or roaring coming from the ground or aboveground pipeline.

### SEE

Dirt or water blowing into the air, unexplained dead or dying plants or grass, or standing water continuously bubbling.

## If you notice any of these signs:

- **Exit the area or building immediately.** Tell others to evacuate and leave doors open.
- From a safe place, call **911** and Southwest Gas at **877-860-6020**, day or night, **whether you're our customer or not.** A Southwest Gas representative will be there as soon as possible.
- Don't smoke or use matches or lighters.
- Don't turn off or on any electric switches, thermostats, or appliance controls.
- Don't start or stop an engine, or use an automated (garage) door.

## REMEMBER: Call Before You Dig. It's easy and free.

You can help prevent unsafe conditions when digging by calling 811 to get underground utility-owned lines marked for **FREE**. Even small jobs like planting a tree require a call, so be sure to:

- Call 811 at least two working days in advance
- Wait for the site to be marked
- Respect the marks
- Dig with care – use hand tools only when digging within 24 inches of marked gas lines
- Familiarize yourself with your state's call-before-you-dig law

**Know what's below.  
Call 811 before you dig.**

Natural gas pipeline leaks can occur due to careless or unsafe excavation and may lead to evacuations, natural gas service outages, fire, property damage, injury, or loss of life. So, if you ever suspect a natural gas leak, from a safe place call 911 and Southwest Gas right away.

**At Southwest Gas,** your safety is our priority. Working together, you can help us do what we do best...provide safe and reliable natural gas service 24/7.

Our commitment to safety includes:

- Routinely patrolling, testing, repairing, and replacing our pipelines to ensure the highest level of safety and reliability;
- Meeting or exceeding all federal and state requirements and standards for safe pipeline operation and maintenance; and
- Regularly communicating and training with emergency responders to remain prepared for any natural gas emergency.

## Safety Information

Please share with others in your household or organization.

# Información De Seguridad Sobre El Gas Natural

**SOUTHWEST GAS**

swgas.com/safety

*Usted puede ayudar a mantenerse y a sus seres queridos seguros, sabiendo cómo reconocer y responder a una fuga de gas natural.*

## Puede haber una fuga si usted:

### PERCIBE UN OLOR

Un olor peculiar semejante al azufre, similar a los huevos podridos, no importa si es muy ligero o momentáneo.

### ESCUCHA

Un siseo o rugido procedentes de debajo de la tierra o de la tubería que está sobre el suelo.

### SI VE

Tierra, suciedad o agua soplando en el aire, plantas muertas o moribundas sin explicación, o agua estancada con un burbujeo continuo.

## Si usted nota alguna de estas señales:

- **Salga del área o edificio inmediatamente.** Dígale a los demás que también evacúen, y dejen las puertas abiertas.
- Desde un lugar seguro, llame al **911** y a Southwest Gas al **877-860-6020**, de día o de noche, **si eres nuestro cliente o no.** Un representante de Southwest Gas estará ahí lo más pronto posible.
- No fume ni prenda cerillos o encendedores.
- No encienda ni apague ningún interruptor eléctrico, termostato, o controles de aparatos.
- No arranque o detenga un motor, ni tampoco use una puerta (de garaje) automática.

## RECUERDE: Llame Antes de Excavar. Es fácil y gratis.

Usted puede ayudar a evitar conciones inseguras al excavar llamando al **811** para que le marquen las tuberías de servicios subterráneas en forma **GRATUITA**. Hasta trabajos pequeños como la siembra de un árbol requieren que haga la llamada, así que asegúrese de hacer lo siguiente:

- Llame al 811 por lo menos dos días hábiles antes
- Espere a que marquen el lugar
- Respete las marcas
- Excave con cuidado. Cuando excave a menos de 24 pulgadas de tuberías de gas marcadas, utilice solo herramientas manuales.
- Usted debe familiarizarse con la ley de su estado acerca de llamar antes de excavar

**Entérese de lo que hay enterrado.  
Llame al 811 antes de excavar.**

Las fugas de tuberías de gas natural pueden ocurrir debido a las excavaciones descuidadas o inseguras y pueden dar lugar a evacuaciones, interrupciones del servicio de gas natural, incendios, daños a la propiedad, lesiones o pérdida de vidas. Por lo tanto, si alguna vez sospecha que hay una fuga de gas natural, llame inmediatamente al 911 y a Southwest Gas desde un lugar seguro.

**En Southwest Gas,** su seguridad es nuestra prioridad. Si trabajamos juntos, usted nos puede ayudar a hacer lo que mejor sabemos hacer... proporcionar un servicio de abastecimiento de gas natural seguro y confiable las 24 horas del día, 7 días a la semana. Nuestro compromiso con la seguridad incluye:

- Patrullar, verificar, reparar y reemplazar nuestras tuberías, en forma rutinaria y así garantizar el máximo nivel de seguridad y confiabilidad;
- Alcanzar o superar todos los requisitos y estándares federales y estatales para la operación segura de las tuberías y su mantenimiento; y
- Estar en comunicación en forma regular y capacitar a los equipos de los servicios de emergencia y estar siempre preparados para cualquier emergencia de gas natural.

## Información de Seguridad

Por favor, comparta esto con otras personas de su organización.

Número de Teléfono de **Southwest Gas para Emergencias, con atención las 24 horas: 877-860-6020**
