NOTICE TO SOUTHWEST GAS CORPORATION (SWG) ARIZONA CUSTOMERS

CUSTOMER QUESTIONS OR ASSISTANCE NEEDED? Visit www.swgas.com and create a MyAccount to view, manage, and customize your gas account online, or call our local toll-free number (llamada gratis) at 1-877-860-6020 for billing questions.

Basic Service Charge - This monthly charge recovers a portion of the cost for delivering natural gas.

Bill Detail - Customers may request a detailed version of their gas bill by accessing MyAccount or calling 1-877-860-6020.

Billing Factor - The billing factor is used to convert the metered volume of gas into units of heat energy which are called therms. SWG bills customers on a per therm basis for the amount of energy contained in the gas delivered. The current reading minus the previous reading, times the billing factor, equals the number of therms you have used in the current billing period.

Customer Buried Gas Piping - Customers may have underground gas piping that is not maintained by SWG. (Reference Federal Regulation 49 CFR Part 192.16) This piping, which is typically located between the gas meter and a building or outdoor gas appliance, may consist of buried steel gas lines. Steel gas lines are subject to the effects of corrosion if they are not maintained, which could result in leakage. Regardless if the pipe is steel or plastic, it is important that underground natural gas piping is periodically monitored to identify potential problems that might cause a hazardous condition. Federal regulations encourage customers to employ qualified plumbing and heating contractors for all inspections, monitoring, and repairing of customer buried gas piping. Unsafe conditions discovered must be repaired immediately. For assistance in locating licensed plumbers or contractors, or reviewing relocation, replacement, or maintenance options, call Energy Services at 1-800-654-2765. Remember, call before you dig to locate gas piping in advance, and excavate by hand.

Delivery Charge Adjustment Provision - The Delivery Charge Adjustment Provision (DCA) limits the amount SWG recovers in delivery charges to the amount authorized. Any differences between the amount authorized and the amount received are adjusted annually. The DCA is applicable to residential and Small, Medium, L1 and L2 rate schedules. **Deposits** - If you are an existing customer, your deposit will be credited to your account, with any applicable interest, after continuous service and timely payment of bills in accordance with SWG commission approved rules. If your service has been discontinued, either at your request or by SWG, your deposit, plus any applicable interest, will be refunded to you, less the amount of any unpaid bills.

Disconnection of Service at Customer Request - Please call SWG at least five (5) working days in advance of the date you wish to have service disconnected. If SWG is not notified, service will continue to be billed to the customer of record.

DOT Safety Surcharge - This charge recovers the cost of government mandated pipeline safety programs.

Electronic Check Conversion - When a check is provided as payment, SWG is authorized to either use information from the check to make a one-time electronic funds transfer from the account or to process the payment as a check transaction.

Emergency Service - If you have an emergency, a safety related issue or are experiencing a possible gas leak immediately call 877-860-6020 and select Option 9 or call 9-1-1.

Low Income Ratepayer Assistance (LIRA) - Provides a 30 percent discount to income-qualified customers year-round.

Notice to Employers - Request a Safety Data Sheet (SDS) for natural gas by calling Energy Services at 1-800-654-2765 or visiting www.swgas.com/emergencysafety. Please ensure your employees know how to obtain SDS information.

Past Due Date/Late Pay Charge - The monthly bill is due and payable upon presentation and becomes past due if not paid by the "Past Due After" date on the bill. A late pay charge may be added to any past due amount.

Rates and Other Information - The Rules and Rate Schedules of SWG are available at your nearest SWG Customer Business Office or by going online at www.swgas.com. The address and telephone number of the office that serves you are printed on the front of this bill (top).

Regulatory Expense Surcharge - This charge recovers costs incurred from the rate case regulatory process.

Right of Access and Bill Estimation - SWG will have the right of access to your premises for any purpose normally connected with the furnishing of natural gas service(s). If SWG is unable to read a meter on the scheduled date because of circumstances beyond its control, SWG will calculate the bill based upon estimated usage for that billing period. **Service Establishment Charge** - For each establishment of service there is a charge which appears on the first bill following the establishment of service. This charge partially covers the costs incurred to set up the service and create the account in the SWG billing system. Whenever gas service is turned off because of nonpayment, the delinquent bill, plus a reestablishment charge, must be paid and credit reestablished before service will be restored.

Special Service - Special Services - Every effort will be made to ensure uninterrupted service to residential customers who notify SWG about permanent residents in their household who are seriously ill, disabled, or elderly. Also, in an effort to avoid service being turned off; any residential customer may elect to designate a third party (agency or individual) to receive a copy of all Disconnect Notices.

Usage Charge - Usage charges recover the cost of delivering natural gas, which is not recovered in the Basic Service Charge, and the cost of natural gas purchased by SWG on behalf of our customers.

Should you believe you have been billed incorrectly, please contact SWG at our toll-free number (llamada gratis) 1-877-860-6020. If you thereafter wish to dispute this bill, you should pay the undisputed portion of the bill and notify SWG that the amount unpaid is in dispute. Service will be continued pending investigation by SWG. Upon notification by SWG of its investigation results, you may pay the amount due within five (5) working days to prevent discontinuance of service. SOUTHWEST GAS CORPORATION

**PUBLIC NOTICE OF HEARING ON SOUTHWEST GAS CORPORATION FOR
THE ESTABLISHMENT OF JUST AND REASONABLE RATES AND CHARGES
DESIGNED TO REALIZE A REASONABLE RATE OF RETURN ON THE FAIR
VALUE OF THE PROPERTIES OF SOUTHWEST GAS CORPORATION
DEVOTED TO ITS ARIZONA OPERATIONS.
(DOCKET NO. G-01551A-23-0341)**

Summary

On February 2, 2024, Southwest Gas Corporation ("SWG" or "Company") filed with the Arizona Corporation Commission ("Commission") an application requesting adjustments to its rates and charges for utility service in its Arizona jurisdiction. The Company asserts that for the test year ending October 31, 2023, ("TY"), SWG had adjusted operating income of \$155,534,944 and an original cost rate base ("OCRB") of \$3,254,152,086 and fair value rate base ("FVRB") of \$4,848,614,544 resulting in a rate of return of 3.21 percent on its FVRB. The Company's proposed rate of return includes a 0.81 percent return on Fair Value Increment to produce a 5.15 percent rate of return on the Company's FVRB. The Company's proposed rates and charges would produce an overall revenue increase of \$125.6 million or approximately 18.78 percent.

SWG also proposes to recover its rate case expense, as well as the remaining balance on rate case expense from its prior general rate case, through its regulatory expense surcharge. Based on its calculations, the Company estimates the surcharge to have an approximate \$0.005 monthly bill impact on a residential customer at the average monthly usage of 23 therms.

The Company's proposed rates and charges, including regulatory expense surcharge, would result in the following monthly bills for a residential customer average winter monthly consumption of 35 therms, average summer monthly consumption of 11 therms, and annual average monthly usage of 23 therms:

Single Family Residential Service	Monthly Consumption (therms)	Monthly Bill (\$)		Increase/Decrease	
		Current Rates	Proposed Rates	Dollars (\$)	Percent (%)
Summer					
Summer 75%	8	\$26.47	\$28.95	\$2.48	9.37%
Summer Average	11	\$32.38	\$35.79	\$3.41	10.53%
Summer 125%	14	\$38.29	\$42.63	\$4.34	11.33%
Winter					
Winter 75%	26	\$61.92	\$70.00	\$8.08	13.05%
Winter Average	35	\$79.65	\$90.53	\$10.88	13.66%
Winter 125%	44	\$97.38	\$111.05	\$13.67	14.04%
Annual Average					
Average Monthly	23	\$56.01	\$63.16	\$7.15	12.77%

In addition to the rate increase, SWG requests approval of modifications to its Purchased Gas Adjustor and Delivery Charge Adjustor mechanisms to adjust the interest component. Further, the Company proposes the addition of an Unrecovered Gas Cost Expense Provision to timely recover the uncollected portion of customer bills related to purchased gas.

SW5892(04/2024)

SOUTHWEST GAS CORPORATION

The Company also proposes an Incremental Upstream Pipeline Charge ("IPC") to establish a rate applicable to transportation customers for their portion of IPC charges.

In addition to the above, the Company requests approval of a System Improvement Benefit ("SIB") mechanism to recover a return on and of net investment made between rate cases for Code and Regulatory infrastructure replacements.

NEITHER THE COMMISSION'S UTILITIES DIVISION ("STAFF") NOR ANY INTERVENOR HAS YET MADE ANY RECOMMENDATION REGARDING SOUTHWEST GAS CORPORATION'S APPLICATION. THE COMMISSION IS NOT BOUND BY THE PROPOSALS OF SOUTHWEST GAS CORPORATION, STAFF, OR ANY INTERVENORS. THE COMMISSION WILL DETERMINE THE APPROPRIATE RELIEF TO BE GRANTED IN RESPONSE TO SOUTHWEST GAS CORPORATION'S APPLICATION BASED ON THE EVIDENCE PRESENTED IN THIS MATTER. THE FINAL RATES APPROVED BY THE COMMISSION MAY BE HIGHER, LOWER, OR DIFFERENT THAN THE RATES PROPOSED BY SOUTHWEST GAS CORPORATION OR BY OTHER PARTIES.

If you have any questions concerning how the Application may affect your bill or other substantive questions about the Application, you may contact **Southwest Gas Corporation** at **1600 E Northern Ave, Phoenix, AZ 85020**, by phone at **1-877-860-6020**, or by email at customerinfo@swgas.com.

About Intervention

The law provides for an open public hearing at which, under appropriate circumstances, interested persons may intervene. An interested person may be granted intervention if the outcome of the case will directly and substantially impact the person, and the person's intervention will not unduly broaden the issues in the case. Intervention, among other things, entitles a party to present sworn evidence at hearing and to cross-examine other parties' witnesses. **Intervention is not required for you to appear at the hearing and provide public comment, to file written comments in the docket for the case, or to receive emailed notice of each filing made in the case by following the docket.**

Information about what intervention means, including an explanation of the rights and responsibilities of an intervenor, is available on the Commission's website (www.azcc.gov) by clicking on "Cases and Open Meetings" and then clicking on "Intervene in a Case." The information includes a Sample Intervention Request and a Fillable Intervention Request Form.
