## Important information regarding your privacy and records with Valley TeleCom Group

Customer Proprietary Network Information (CPNI) is your customer information that is not publicly available about your communications services which is protected by Valley TeleCom. It includes the type of phone service you receive from Valley TeleCom, the number of lines, and your call detail records. Valley TeleCom Group may occasionally use your CPNI data to identify additional services that might interest you as new features, technologies and promotions become available.

As a customer, you have the right at any time to restrict (opt-out) the use of CPNI. The services you are currently receiving will not be affected if you opt-out. Restricting CPNI may make you ineligible to receive information from Valley TeleCom about new products and services, packaged offerings and various promotions based on your current services with us. However, this will not affect Valley's general distribution of materials to all of our customers.

If you decide not to let us use your CPNI records, please scan this QR code with your smartphone camera, fill out and submit the completed online form within thirty (30) days of receiving this notice. If you are unable to scan the QR code, please type the following URL in to your web browser: <https://www.vtc.net/campaign/name/marketing-material-opt-out> and complete the online form. Restriction of the use of your CPNI records will remain valid for two years or until you request otherwise. Please contact us at 800-421-5711 with any questions.
